

Notice of works

Trenerry Crescent and Gray Street Road Safety Projects

17 February 2025 to late May 2025

We will be delivering road safety and pedestrian improvement works in your neighborhood soon and would like to share some important information.

As per the endorsed Road Safety Study for Clifton Hill and North Abbotsford, we will be delivering road safety treatments at the locations below:

- Trenerry Crescent / Turner Street roundabout;
- Trenerry Crescent pedestrian crossing at Bath St;
- Trenerry Crescent / Abbott Street roundabout;
- Trenerry Crescent road carriageway between Maugie Street and Gray/Noone Street intersection;
- Trenerry Crescent / Gray / Noone Street intersection; and
- Gray Street / Roseneath Street / Yambla Street intersection.

Traffic management will be in place during the works, however, there will be disruptions to access and delays.

We apologise for any inconvenience this causes while we deliver these road safety improvements.

These improvements have been funded by the Victorian Government as part of the Safer Local Roads and Streets Program.

What are we doing?

We will be delivering new pedestrian crossings at roundabouts, raised pedestrian crossings and threshold treatments at other locations. These measures are designed to help address road safety issues identified by the community during the Road Safety Study.

The designs and updates on the projects as works progress can be viewed on Council's 'Your Say Yarra' website: Safer Streets Clifton Hill and North Abbotsford or via this QR code:

When will the work take place?

We will be starting at the Trenerry Crescent and Turner Street roundabout with works scheduled to commence on 17 February 2025. We expect the works at this location to take about 2 weeks to complete, subject to weather conditions.

We will then progress to undertaking works at Trenerry Crescent at Bath Street before moving onto works at Trenerry Crescent and Abbott Street. We expect works at these locations to occur between 24 February and 21 March 2025.

The remaining works are planned to be delivered between 21 March and late May 2025, starting with road carriageway works between Maugie Street and Gray Street and finishing at the Gray Street / Roseneath Street and Yambla Street intersection.

As the delivery of the projects progresses, we will update the project on 'Your Say Yarra' with the expected dates of works. We will also provide updates to neighbouring properties where there may be temporary changes to access to parking.

Working hours

7am to 6pm during weekdays

9am to 3pm on Saturdays (if required)

There may be some noise and dust during the works, but we will try to keep this to a minimum.

Who will do the Works?

Works will be carried out by Bosco Civil.

Will I be able to access the street?

Pedestrian and vehicular access along the street will be maintained with some restrictions during working hours.

Works will be carried out in sections to minimize inconvenience. An appropriate traffic management plan will be in place during the works. Please consult with the listed contractor if you require assistance with access.

Where do I park my car?

Street parking will be available during working hours, outside of the street section under reconstruction and appropriate signs will be displayed. Some on-street parking spaces will be used for the storage of materials and equipment. These areas will be properly barricaded and progressively cleared as works move along.

If you require a temporary permit during the period of works, please follow the instructions below:

1. Scan the QR code and complete the online form including your address and phone number.
2. Please also include vehicle registration number; make; and model.
3. Attach a copy of this notice.

Please note: If you are unable to access the online request form via the QR code you can visit Council offices or contact the Parking Administration team on 9205 5555 and provide the above information. This permit will take up to 5 business days to be processed.
